### **DETAILED ACTION**

Amendment received on March 27, 2006 has been acknowledged.

#### ***Allowable Subject Matter***

1. Claims 5 and 9 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Prior art of record Hirasawa teaches a card reader having a shutter, which is a card entrance to the card reader, a magnetic head that reads out data from the card, and a card transporting mechanism for the card reader that discharges the card from the card reader. Hirasawa also teaches pre-head that is attached to the card entrance unit, and detects an insertion of a card. The pre-head 515 is a sensor for detecting the presence of the card.

Another prior art of record Miyashita teaches that the outlet of the card reader is provided with a sensor for sensing whether the magnetic commuter pass that is discharged. Miyashita also teaches proximity sensors that detect the object when the sensor catches the reflected light in the predetermined time. The proximity sensor is supersonic waves sensor, which radiates the supersonic waves and detects it. Supersonic waves are ultrasonic waves. Miyashita also teaches that the CPU compares the read inspection information of ticket with reference data memorized in RAM, the information thus read is used to determine whether the passenger should be allowed to pass or not. Such disclosure teaches output circuit for outputting information read by the readout head and also a transaction processing unit.

Art Unit: 2876

However, Hirasawa or Miyashita taken alone or in combination fails to teach an ultrasonic wave sensor that comprises a reference duration memory and an ultrasonic wave sensor signal processing circuit which uses the reflection signal and information in the memory to determine if the card is outside the card entrance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
